# GENERAL

## 1. OUTLINE

(a) The Local Interconnect Network (LIN) is used for communication within the body electrical system.

(b) The LIN is used in the following systems:

(1) Automatic air conditioning system

(2) Charging system

(3) Steering lock system

(4) Smart key system

(5) Sliding roof system

(6) Door lock control system

(7) Power window control system

(c) See the respective system for details.
