Postscript Test Page (US Letter paper)

To adjust the offsets in the configuration file /etc/pnm2ppa.conf, change the values of xoff and yoff until this page is printed correctly centered on the paper.

Here are some other colors; they will appear as greys on a B&W printer...

Blue Red Yellow Purple Brown Gold Cyan Green

The boxes bordering this page are spaced at 0.5" and 1" from the sides of the paper.

It is not unusual for the 0.5" bottom margin not to show. Many printers cannot print that close to the bottom of the page.
