2002 4RUNNER (EWD471U)

The diagram illustrates the electrical system for a climate control unit, showing connections between the engine compartment, passenger compartment, and rear compartment. Key components include the heater control panel, A/C amplifier, A/C compressor, A/C evaporator, A/C condenser, A/C fan, A/C blower, A/C control servo motor, A/C pressure switch, A/C temperature sensor, A/C ambient temperature sensor, A/C room temperature sensor, A/C solar sensor, A/C water temperature sensor, A/C air inlet control servo motor, A/C air vent mode control servo motor, A/C air mix control servo motor, and A/C water temperature sensor. The diagram is organized into sections for the engine compartment, passenger compartment, and rear compartment. It includes a legend for wire colors and a list of components with their part numbers. The diagram is labeled "Wiring Diagram" and "Climate Control System".
