Removal & Installation Procedure

1. Remove the two emergency towing eyelets from the front bumper by turning them counterclockwise.

NOTE:

If it is difficult to loosen the eyelets, use a steel bar.

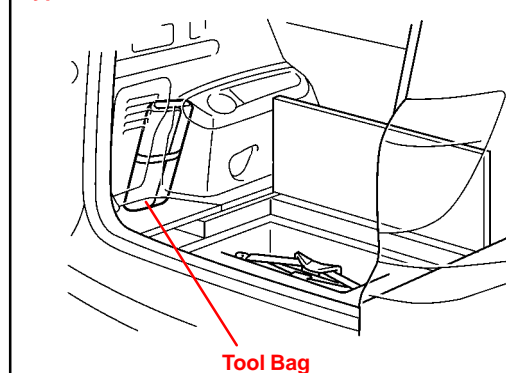

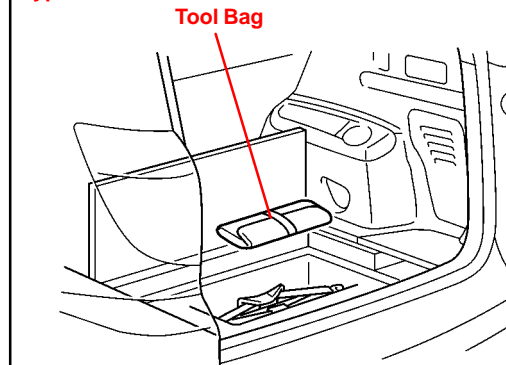

Removal & Installation Procedure
(Continued)

2. Place one of the emergency towing eyelets into the tool bag located in the luggage compartment.

NOTE:

Dispose of the other eyelet.

Type A**Type B**

3. Install the two front emergency towing eyelet hole covers, which are stored in the glove box, onto the front bumper.
Insert the arrow-shaped part (A) of the eyelet hole cover into the hole (B) as shown in the illustration.
