New Product Showcase

2010 Camaro Aluminum Belly Pan

If there's one area where the Generation Five Camaro needs improvement, it's aerodynamics. Now Classic Industries has the solution, this aluminum belly pan. This closeout panel installs in minutes onto the bottom of the forward frame and encloses the car between the front valance and K-member. Manufactured from high grade aluminum and engineered to help keep the engine cooler, it also reduces aerodynamic drag by cleaning up underbody airflow. Another great benefit of this closeout panel is that in

addition to improving aerodynamics, your engine will also stay clean longer because this closeout panel also reduces road dust in the engine compartment. Measuring 26-1/2" x 22", this belly pan does not block oil plug access and is available exclusively in its natural satin silver aluminum finish and comes complete with mounting hardware.

Detail of vent

2010 Custom Vented Front Fenders

Want to set your Gen 5 Camaro apart from the rest with a high-performance look? Classic Industries has just the answer with these high quality, all-steel vented front fenders. Featuring a functional C6-Corvette-style vent, these fenders are manufactured using original GM front fenders, guaranteeing a proper fit. These vented front fenders feature high-quality all-steel construction, not flimsy fiberglass like many aftermarket "vented" fenders, offering long-lasting good looks. Fender vents include screen. Available in all factory colors, these fenders offer direct bolt-on installation. Sold in pairs.

Note: Special shipping rates apply. Special order must be pre-paid.

Symbols of Quality

Price Match Guarantee

If you find a product for less, we'll match the price!

Classic Industries® will match any competitor's current advertised retail price for an identical product. Simply send us a copy of the competitors' current advertised price from a catalog, advertisement or website (with URL) and we'll match the price. The price match guarantee is available at the time the order is placed and for in-stock merchandise only. Price matching will be determined by a competitor's most current retail-published price.

Money Back Guarantee

100% Satisfaction or Your Money Back!

When you continually offer a quality product for a reasonable price, people come back! If you haven't already decided for yourself, then check out our Money Back Guarantee. Classic Industries® is continually the most competitively priced muscle car parts supplier year after year. We research each and every product we sell to make sure your getting the quality you want at the lowest price possible. We take pride in the quality of the products we offer and back it up with a 100% Money Back Guarantee. If for any reason you are not satisfied with a product or purchase, you can return the product within 30 days of receipt for a full refund, credit or exchange.

Diamond Blue

- ★ Indoor Use
- ★ Single Layer Material
- ★ 2 Year Limited Warranty

Diamond Blue fabric

Protect your Gen 5 Camaro from dust and dirt with Classic Industries® custom-fit Diamond Blue car covers. Designed for use indoors, the Diamond Blue is manufactured using an economical single layer material that provides good protection from dust and dirt penetration. Each cover is sewn with strong and durable double-stitched seams. Neoprene elastic is sewn into the front and rear hems to help secure the cover in place. Breathable and lightweight, Diamond Blue covers offer basic protection against damage from dust, dirt, over spray and more. Covered by a 2 year limited warranty when used indoors. Features mirror pockets on both sides of the cover and non-scratch grommets are installed on each side of the cover to allow the use of a tie-strap or lock.

WeatherBlocker Plus

Our exclusive soft cotton lining provides added protection against dings and scratches.

The ultimate combination of protection and value! Designed for outdoor use, the Weather Blocker® cover is manufactured using a durable non-woven 4 layer material that provides a high level of protection against outdoor elements. The fourth layer is a soft cotton backing that further protects against scratches and dings. Each cover is sewn with double-stitched seams that are strong and durable. Neoprene elastic is sewn into the front and rear hems to help secure the cover in place. Breathable and lightweight, Weather Blocker offers increased water resistance and protection from the sun's UV rays. Covered by a 4 year limited warranty. Features mirror pockets on both sides of the cover and non-scratch grommets are installed on each side of the cover to allow the use of a tie-strap or lock. Specify blue, gray or tan.

Evolution delivers the best combination of water-resistant and breathable performance.

FREE
Lock Kit and Storage Bag
with Car Cover Package!
A \$20.00 Value!

New! Technalon Premium Car Covers

Technalon is a high-tech, 4-layer fabric that remains pliable in all weather conditions and will not rot or mildew. The outside and inside layers are made of long fibers which make the fabric tough, but also soft and non-abrasive. The middle layer is made of shorter fibers which catch water but also allow air to circulate. Specially developed for harsh outdoor weather conditions, this cover will not freeze, even in the coldest of climates. Each cover is water-resistant and its breathable construction prevent the build up of harmful moisture between the paint and the car cover. Specify color when ordering.

CV4000 2010-11..... 191.99 ea

TOUCHLESS CAR COVER

Touchless Car Cover

After being introduced at the 2008 Pebble Beach Concours, Jay Leno invited Touchless Car Cover to his garage in Burbank, California for an up-close demonstration. His first words were, "boy is this a cool product..." If you use an old-fashioned cover just after washing your car, you subject yourself to growing mold and bacteria under the cover and in unreachable nooks and crannies. We've all sat in a car that smells like mildew. Prevent the growth of mildew and mold on your Camaro by immediately covering your just-washed Camaro with the Touchless Car Cover. No dust. No trapped moisture. No chance for mold to grow. Zippered sides allow access to the car with cover in place. No metal parts to rust or corrode. Just drive in and out - easy to setup and use. Universal front and rear skirts. Fit sports cars, sedans, wagons and coupes that are 196" and shorter.

GF50011

GF50018

SLP PowerFlo Exhaust System

Give your Gen 5 Camaro a deep, powerful sound with a PowerFlo™ from SLP Performance Parts. If you want a system that sounds good with minimal cabin resonance, this system is for you. This exhaust system includes a pair of PowerFlo mufflers, which use a straight-through design and ceramic wrapped perforated core to significantly outflow traditional chambered and turbo-type mufflers. Combined with all-new 4" polished tips, you'll really hear, see and feel the difference. Also available with square tips for use with factory installed ground effects package.

Note: 50-State Emissions Legal. Shipped oversize.

SLP "Loud Mouth II" Exhaust System

Give your Gen 5 Camaro an aggressive, deep sound with a Loud Mouth II™ rear-axle back exhaust system from SLP Performance Parts. This exhaust system includes a pair of SLP Loud Mouth II™ mufflers, which use a straight through design and ceramic wrapped perforated core to significantly outflow traditional chambered and turbo-type mufflers. This system provides superior flow and performance with a smoother, mellower tone than that of SLP's Loud Mouth™ system, but with a tone more aggressive than the PowerFlo™ system. Combined with all-new 4" polished exhaust tips, you'll really hear, see and feel the difference.

Note: 50-State Emissions Legal. Shipped oversize.

---------	---------	---	------------

Magnaflow Stainless Steel Cat-Back Exhaust System

Looking for more power from your Camaro SS? Look no further. These Street and Competition series mufflers from Magnaflow are the answer. Built with high-flow mandrel-bent stainless steel tubing and a low restriction muffler, these systems reduce engine heat and back pressure yet improve exhaust scavenging from the combustion chamber for even more potent performance. Available in cat-back or axle-back, axle-back systems are a lower cost way to achieve a more aggressive exhaust note. These performance exhaust systems minimize the power-robbing effects of the OEM exhaust to maximize horsepower and torque.

Note: *Indicates shipped double oversize. **Indicates shipped triple oversize.

SLP Composite Camaro Heat Extractor Scoop Hood

SLP's RTM hood with functional heat extractor scoop (design patent pending) provides a more aggressive performance image and separates your Camaro from the rest. Constructed of high-quality OEM composite materials is manufactured from an OE-quality RTM (Resin-Transfer Mold) process which is much stronger and durable than hand-laid or chopper-gun fiberglass hoods. It is the same weight as the stock hood and includes many of the factory hood design features including crush initiators and attaching hardware. The functional scoop allows cold, fresh air to enter the engine compartment, forcing hot, under-hood air out. It includes an injection molded grille for the hood scoop opening. The hood is shipped to you (or your body shop) ready for prep, prime and paint. Installation instructions included.

Note: Shipped truck freight. Discount exempt.

CAMARO Performance

SLP Supercharger Package

SLP's High-Output TVS 2300 Supercharger (black finished) for the all-new V8 Camaro is the same technology offered in the new ZR-1 Corvette. It safely delivers 6 PSI of boost, creating stamp-pulling torque and neck-breaking acceleration. In Stage 1 form, it increases the power and torque of the stock LS3 6.2L V8 engine at the flywheel from 426 HP to 575 HP @ 6350 RPM, from 420 ft.-lbs. of torque to 550 ft.-lbs. of torque @ 3650 RPM and belts out a ridiculous 500 ft.-lbs. of torque at just 2200 RPM! In Stage 2 form, it includes 1.85 high-ratio rockers, smaller diameter blower pulley, high flow injectors, high lift springs and a Boost-A-Pump. This increases the power of the LS3 6.2L V8 engine from 426 HP to 630 HP! In Stage 3 form, it also includes SLP header package GF50002, which increases power even further to an incredible 650 HP! Fits under the stock hood without modifications. Comes complete with custom tune/hand held reprogrammer and cold-air induction system. Stage 1 superchargers have E.O.D. 488-15 and fit both L99 and LS3 V8 engines. Stage 2 and 3 superchargers fit only LS3 manual transmission vehicles. *Note: Stage 1 are Emissions-legal in all 50 states. Special rate shipping applies. Discount exempt.*

K&N Camaro Air Charger

AirCharger® Intake Kits are guaranteed to increase horsepower and come with a Million Mile Limited Warranty. K&N intake systems replace your vehicle's restrictive factory air filter and air intake housing. They are designed to dramatically reduce intake restriction as they smooth and straighten air flow. This allows your vehicle's engine to inhale a larger amount of air than the OEM air filter assembly. More air means more usable power and acceleration throughout the engine's RPM range. The filters on the kits are washable and reusable. *Note: Not 50 state legal.*

Note: Not legal for use in California and other states adopting California emission standards.

BBK Cold Air Intake

These cold air intake systems for the new Camaro V8 & V6 can be installed in just minutes and are good for approximately 10-15 horsepower.

They work well with other power adders such as performance exhaust and performance throttle bodies. They utilize high flow washable cotton element filters and are CAD designed for optimum airflow and maximum performance. All kits are vehicle specific and are designed as a direct bolt on using simple hand tools. All kits are dyno tested with results of approximately 10-15 hp improvement over stock. *Note: Not 50 state legal.*

PowerAid Throttle Body Spacers

The PowerAid throttle body spacer was designed to enhance your vehicle's off idle to mid range performance and efficiency. It maximizes fuel efficiency, increases low end torque and improves throttle response. The unique "Helix Bore" design of the PowerAid creates a spinning action in the incoming air. As air passes through your throttle body, this helical effect causes the air molecules to organize and maintain high velocity. The benefits you will see are tremendous torque gains between 800 to 2500 RPM and potential increases in your fuel economy, depending on driving conditions.

Energy Suspension Bushings

Replace your OEM bushings with these polyurethane style bushings from Energy Suspension. Durability is superior to most rubber components that are used for cars. Road salt, oil and a host of other common under car contaminants will eventually destroy the rubber bushings on your vehicle, not to mention the weight and torque forces that typically compress most rubber permanently! HYPER-FLEX™ replacement polyurethane components stand up well to contaminants that often destroy rubber and have been engineered to give longer-lasting performance and not compress permanently. Choose from two different colors for an added high performance appearance.

Note: Please specify color suffix when ordering, G=Black, R=Red

AP Racing 16" - 6 Piston Front Brake Kit

For the biggest brake system upgrade, Classic Industries® offers world renowned AP Racing 6-piston calipers running on 2-piece rotors. Each kit is designed to work with the original equipment master cylinder, ABS and traction control systems. Specially-designed 2-piece rotors are cross-drilled and slotted, the optimum for high-performance street, autocross and occasional track day use. Slotted-only versions are available for the serious track enthusiast. The curved vane construction provides maximum cooling, while significantly reducing unsprung weight. Many kits require 17" wheels or larger with sufficient spoke clearance. Download a brake profile template to check your wheels before ordering. Put decades of championship-winning experience on your car. It's not just for Formula One, NASCAR, LeMans, British Touring Cars, WRC, Grand Am, Super GT or DTM winners anymore!

Note: Special rate shipping applies. Discount exempt.

AP Racing 15" - 4 Piston Rear Brake Kit

For a big upgrade at an affordable price, Classic Industries® offers world renowned AP Racing 4-piston calipers running with 2-piece rotors. Each kit is designed to work with the original equipment master cylinder, ABS and traction control systems. Specially designed rotors are cross-drilled and slotted, the optimum for high-performance street, autocross and occasional track day use. Slotted only versions are available for the serious track enthusiast. The curved vane construction provides for maximum cooling when pushing hard. 2-piece kits come with aluminum alloy hats for better thermal management and maximum weight reduction. Many kits require 17" wheels or larger with sufficient spoke clearance. Download a brake profile template to check your wheels before ordering. Put decades of championship winning experience into your Camaro.

Note: Special rate shipping applies. Discount exempt.

SLP Brembo Brake Upgrades

These Brembo brake upgrades from SLP result in a more balanced vehicle. The Brembo Sport Disc Upgrade includes 4 race-inspired, cross-drilled front and rear rotors that provide improved pad bite and more efficient out-gassing of the brake pads, resulting in improved braking efficiency and reduced brake fade. The Brembo GT front brake package includes 6-piston calipers and two-piece 15" rotors, offering increased thermal capacity, increased pad area and lower operating temperatures. Both upgrades improve dry and wet weather performance and add a bold, aggressive appearance to the Camaro. Both are compatible with the OEM ABS and traction control systems and replace the factory rotors.

Note: Special rate shipping applies. Discount exempt.

GF90002	2010-11	Brembo front brake package	4499.99 set

SLP Brake Control Package

The Brake Control Package was designed to work with the Gen 5 Camaro V8 specifically. Designed for racing only. Put your foot on the brakes, flip the switch take your foot off the brake. The system maintains pressure to the front brakes only until the switch is released. Allows for heating of the rear tires while minimizing wear and tear on your Camaro's rear brakes. Fully compatible with OEM anti-lock brakes and traction control system. Includes waterproof solenoid, activation switch, plug-in wires, CNC bent steel lines with OEM compatible fittings, mounting hardware and detailed instructions.

Sport Disc Brake Rotors

Offered by Classic Industries®, these OE-size upgrades are a simple bolt-on with no other modifications required. All rotors meet or exceed OEM specifications while providing benefits not found in the original components. Once through the initial quality inspection, they are machined to application-specific cross-drilled or slotted patterns. Aided by the latest CAD software, these patterns result in a full sweep of the pad face, which is critical for pad and rotor life as well as a reduction in noise and vibration. All cross-drilled holes are radius-chamfered and slots are ramped to eliminate stress risers and minimize pad noise. These rotors offer higher initial pad bite, better cooling, quicker response when wet and an escape path for pad gasses. Rotors are silver zinc plated for maximum corrosion resistance in all climates.

Note: Shipped double oversize.

Sport Comp II In-Dash Gauges

Sport Comp II gauges feature satin anodized Super Bezels and black dials with white numbering and increments, "through-the-dial" patented LED lighting technology and glowing red pointers for superior visibility. The light intensity can be controlled through an LED Lighting Dimmer (available separately) independent from your OE dash lighting. Quality engineered for proven durability and long life. Electric gauges include required precision-designed sending units.

Important Speedometer Information: Electric speedometers operate on 500-200,000 pulse/mile sending units. Use existing sender if vehicle is originally equipped with an electric speedometer. Use AM5291 to convert from mechanical drive to electric. Tachometers operate on 4, 6, or 8 cylinder engines with most factory or aftermarket ignition systems. Some fuel gauges may use the vehicle's stock sending unit. Measure resistance using an ohmmeter with the sending unit float in the empty and full position to determine the correct fuel gauge. Alternator systems exceeding 60 amps must use a voltmeter. **Note:** Discount exempt.

Marshall Instruments SCX & SCX Pro Gauges

SCX Pro gauges feature one-touch peak recall and programmable high and low full dial warning. There is also an external alarm output (12V, 500mA) that can be used to activate an external warning light when an alarm condition exists. Additional features include one-touch peak recall, user programmable high and low full dial warning, high-speed stepper motor movement, 2-color white/amber through-dial lighting, black dials with bold white numbers & illuminated pointer. Peak recall and programmable full dial warning are accessed via the included remote mount push button. SCX series performance gauges feature full sweep electric stepper motors, either black dials with bold white numbers, silver dials with bold black numbers, or bright white dials with bold black numbers and red pointers. Superior amber and white through-dial lighting and illuminated pointer makes nighttime viewing a breeze. All SCX and SCX Pro fuel senders work with 0-90, 240-53, 73-110, 20-150 and 0-30 Ohm senders. SCX Series 5" tachometers feature a slimline case design (only 2" deep). Advanced gauge features at an economy price point.

Note: *Must specify dial color suffix SCX Series Gauges - A-black, B-white, C-silver

OER® Car Care Products

Professional Products for the Enthusiast!

Professional-grade car detailing supplies are no longer just for professionals. Classic Industries® is pleased to offer OER's complete line of car care products for the auto detailing professional or car enthusiast. Now you can purchase OER's exclusive "Secret Formula" car care products in consumer friendly 16 oz. bottles and you too can achieve the amazing results that only a detailer using professional grade products can achieve. If you detail your car often, take advantage of our bulk packaging and purchase your favorite products by the gallon! If you are tired of paying for expensive bottles with colorful labels and achieving mediocre results, then do your car's finish a favor and order our complete car care system today. OER® offers the highest quality car care formulas at any price, without the hype of expensive advertising and high dollar packaging. No fancy bottles or labels to pay for, our product speaks for itself!

OER® "Secret Formula" Wash & Wax Products

OER® "Secret Formula" Clay Bar System

Clay pulls out all the contaminants you cannot see, but that you can definitely feel, like industrial fallout, rail dust and brake dust. Though these contaminants are not visible, you can tell they are there because the paint will feel rough or gritty. These contaminants may cause patches of paint to appear dull, even after waxing. As these contaminants oxidize, they create rust spots within the paint. Once this happens, the oxidation is considerably harder to remove and will most likely take a good bit of paint with it. Clay bar will remove these contaminants and leave the surface silky smooth with a mirror-like smooth finish. One premium professional duty bar is enough to do 8-10 vehicles. Our clay will not break or deteriorate into small particles like inferior low quality clay bars. Super elastic to remove harmful particles quickly and effectively. Acts as a magnet to foreign particles, literally pulling the paint-fouling grime away from the surface of the paint. Clay lubricant is essential to the performance and safety of clay. It provides the necessary slick surface for clay to glide on. Using low quality clay lubes or cheap detail sprays will deteriorate your car and lead to poor clay bar performance. Also beware of soapy water as a clay lube, detergent or surfactant based soaps will cause the clay to deteriorate. OER® Slick It Clay Lubricant is available in a 16 oz. bottle or pro-sized gallon.

OER® Premium Carnauba No. 47

47% Brazilian No. 1 white unbleached and yellow carnauba paste wax. The purest carnauba wax money can buy. As hard as a brick, yet easy to apply and remove. For use on any color paint. Bonds with clean paint, waxes and sealants to offer a deeper richer shine and longer lasting protection. One coat is truly all you need, however layer it as many times as you want to achieve desired results. Long lasting 2-3 month protection. Formulated for successful use even in the sun! Works like a sun block to protect your paint and deliver an unparalleled show-car shine.

K89440	8 oz can	19.99 ea
--------	----------	----------

OER® Premium Carnauba Plus No. 53

OER® Premium Carnauba Plus No. 53 is in a class all its own. Our experienced chemists have blended only the finest of raw ingredients almond, coconut, banana and propolis oils, in a premium emulsion combined with 53 percent Brazilian No. 1 white carnauba by volume. For the enthusiast who demands the highest and wettest level of shine. No. 53 is a premium blend of genuine carnauba wax and natural oils that makes paint "drip off" of your vehicle with a high gloss shine and shimmer that is sure to impress even the toughest of critics. The "Plus" is a liquid crystal polymer for extended longevity and durability.

OER® "Secret Formula" Polishes

These 100% wax & silicone free polishes will prepare any paint for the perfect sealant. Available in 3 grades to rapidly remove light scratches, swirls, key, fingernail scratches and other imperfections. Each grade starts out as a polish then breaks down to a final step product that produces an exceptional shine. Use the Pro-Polish as a final product or a superior foundation for wax, sealant or glaze. To start out with a slightly more aggressive polish, step up to the medium grit product Scratch & Swirl B-Gone. Laser Buff, the heaviest of the three, starts out as a 1000 grit polish and then breaks down to a fine final step product. All break down into finer and finer particles and can be applied by hand or machine.

Pro-Polish - Final Step Polish

K89434	heavy to final 1 gallon	49.99 ea

OER® "Secret Formula" Acryli-Shine Glaze

Glaze is a polish without any cleaning properties. Glazes are used primarily to improve the shine brilliance and clarity of paint. Primarily used by body shops for finishing jobs or by detail shops to bring out the high brilliance of paints on a vehicle, glazes are also commonly used on show vehicles to achieve a "high-luster or wet-look". Glazes do not replace polishing. If a surface has minor swirls and imperfections, to achieve the best superior results, the surface should be polished with our OER® Secret Formula Pro-Polish first. Acryli-Shine Glaze is a shine-enhancing agent that will produce a dramatic wet look on your paint. Formulated with Acrylic Polymer Resins to increase that "eye-popping" deep gloss

OER® Car Care Products

OER® Secret Weapon Sealant + Carnauba

Just one coat of this sealant is all you need to protect your auto's finish for 6 to 8 months...not to mention a shine and brilliance that can only be achieved with OER® Secret Weapon Sealant's 3X Carnauba. OER® Secret Weapon Sealant + Carnauba creates an anti-static, heat resistant protective seal against corrosive elements such as ultraviolet rays, salt water, acid rain and industrial pollutants. Can be applied in multiple layers to deepen the shine and level of protection without compromising your paint or clear coat. Coats your vehicle in a protective seal delivering a glossy, rich, liquid shimmer that leaps off the paint surface. Anti-static formula discourages the settling of new dust. Bring out the depth of the paint color while the shine enhancers leave a glass-like mirror finish.

OER® Secret Formula Wet Wax Creme

This is a brand new technology that consists of a special blend of polymers, resins and natural carnauba. OER® Secret Formula Wet Wax Creme leaves your car shining like it was just washed! Contains no cleaners or abrasives and will not stain plastic or rubber. Suitable for easy application and removal in the sun or shade, hot or cool temperatures. Shows best on dark finishes, but works great on all colors. Shines and polishes with no cleaners or abrasives. Long lasting protection that brings out the deep shine and luster of all colors. Slippery non-stick protection and gloss. You'll swear the car is wet. Available in your choice of 16 oz. bottle or buy the professional sized gallon jug and save!

OER® "Secret Formula" Complete Car Care System

Exclusive Formulas Not Available In Stores!

OER® "Secret Formula" Car Care System

Order the OER® Complete Car Care System and you will receive practically everything you need to keep your vehicle's delicate finish protected and looking its best. Our secret formulas are engineered to outlast and outshine any of the ordinary mass-produced products that are available in stores. Included with our exclusive system, the unique Grit Guard wash bucket hides away all of your cleaning supplies while doubling as a very effective car care tool. What's so unique about it? Our wash bucket has a Grit Guard insert that sits in the bottom of the pail to extract particles and contaminants from mitts and brushes. Gravity causes sand and dirt to settle below the guard so the wash water stays scratch-free clean. With the spin-on, spin-off lid, the wash bucket creates a perfectly sealed storage place for all of your favorite cleaning supplies and allows for easy transportation of supplies to and from the car show. Several kits available to fit every budget!

OER® Detailer's Secret - Detailer+Carnauba

To upkeep shine on a show quality finish or as a final product to seal over the vehicle after a good wax or sealant application, OER® Detailer's Secret offers superior protection and repels dust. Can also be used as a waterless car wash or quick shine on lightly dusty surfaces. The only true white carnauba based professional quick detail spray & waterless car wash. Unique wax emulsion system enables Detailer's Secret to be used on glass, plastic, metal and any other non-porous material without streaking or staining trim or rubber, plastic or glass. Delivers superior results in the sun or shade. Cleans, shines and protects all paints, clear coats, rubber, vinyl and plastic surfaces. Softens and breaks down light surface contamination while it captures and reduces dirt particles and lifts them off the surface of your vehicle. Will not strip or remove wax or sealants.

OER® offers the highest quality car care formulas at any price, without the hype of expensive advertising and high dollar packaging. No fancy bottles or labels to pay for, our product speaks for itself!

OER® "Secret Formula" Upholstery & Glass Cleaner

OER® Inner Secret Upholstery Cleaner

Cleans spots and stains on carpet, upholstery fabric and just about any other interior surface. Fast and easy to use. OER® Inner Secret was specifically developed to tackle even the most stubborn stains. Great for automotive or home use, this amazing cleaner reaches deep into the fabric and lifts any grease and dirt without rubbing and scrubbing. Engineered for a complete carpet cleaning job or for fast and easy spot cleaning. Works well with carpet or upholstery cleaning machines or as a spray and wipe cleaner. Apply by hand and in a matter of seconds the specially formulated cleaning agents emulsify the stain while the surfactants work to emulsify the soil from the fabric and suspend the dirt within the liquid cleaner. When you blot with a clean dry cloth, the liquid containing the stain transfers to the cloth.

K89464	16 oz. bottle.....	7.99 ea
K89465	1 gallon.....	24.99 ea

OER® Clearly Secret Glass Cleaner

Clearly Secret, streak-free, tint safe window cleaner is quite possibly the best window cleaning liquid ever made. Streak free formula for glass or plastic that sprays like water. No foam and no harsh smell. Just wipe and watch dirt, grease, water spots, smudges, fingerprints, forehead grease and just about anything else disappear. No streaks ever! Formulated with non-ionic surfactants, specialized molecules that are 100% non-toxic and all surface safe, non-reactivity, 100% ammonia free and safe to use on tinted windows, clear plastic instrument panel lenses and headlamp and taillamp lenses! One gallon mixes with up to 3 gallons of distilled water to make more product. It's OK to save money! Available in your choice of 16 oz. spray bottle or professional size gallon jug.

OER® Secret Formula Professional Dressings

Finally you can get the level of shine you desire with a professional grade formula that is not greasy, will not drip, is dry to the touch and lasts far longer than any product sold in stores. Additionally, our products soak in to nourish and protect the surface while repelling dust and dirt. Your choice of matte finish for an original appearance or super shine for a high gloss look.

OER® Secret Agent Shine VRT Dressing

The only 100% super shine, dry to the touch dressing that works as well on vinyl, leather, rubber and tires as it does on hard plastics, plastic bumpers & trim. A multi-surface shield for your vehicle's interior. Dual action premium dressing leaves surfaces 100% dry to the touch and shining better than new, while protecting the surface against dirt and dust. Maintains a 100% dry, never greasy or oily, fresh texture on vinyl, leather, plastic, rubber, tires and more! Water based emulsion repels dirt and dust while blocking out harmful UV rays. Surfaces treated with OER® Secret Agent Shine look shiny longer and require less cleaning. Extra thick, pure emulsion will not separate or sling and is easy to apply with towel or sponge. Industry leading sealant that aids in protecting seats, steering wheels, door panels and dashboard against the elements.

OER® Natural Shine Matt Finish Protectant

Natural Shine Matt Finish Protectant is a water-based natural look dressing. It leaves surfaces supple and protected against damaging UV radiation. Like new matte finish lasts weeks and nicely complements a clean interior. Cleans, protects and beautifies in one easy step. Greatly wipes away light traces of dirt while you apply. Patented UV absorber penetrates and acts as a protective barrier against harmful rays that cause premature aging, cracking, fading and peeling. Engineered to work like a lotion to soak into new vinyl or dry vinyl to aid in prolonging and strengthening the surface. Perfect for use on dashboards, vinyl tops, door panels, consoles, tires, trim, bumpers, vinyl seats, mirrors and more. Available in your choice of 16 oz. bottle or professional size gallon jug.

OER® Car Care Products

OER® Extreme Shine Metal Polish & Sealant

OER® Extreme Shine Metal Polish & Sealant cuts through layers of dulling oxides to restore a wet-mirror like finish that outshines chrome. This outstanding polish makes chrome, copper, brass, aluminum, stainless steel and other metalwork gleam and look their absolute best. Spreads on with ease, buffs off with little effort. Great for oxidized metals and even light rust. Can be easily applied in the shade or sun. Leaves virtually no smear, dust or powder. The most innovative metal polish ever. A 3-step product in one, this diminishing metal polish cuts fast, cleans like no other, shines like a mirror and protects like a sealant. Utilizing friction and heat OER® Extreme Shine Metal Polish cleans, restores, revives and polishes. Friction generates heat that allows the product to break down into a micro-fine polish that leaves the surface shining like a mirror. During the final phase, it breaks down to release the durable protective sealant that bonds to metal surfaces reducing corrosion and prolonging shine. Use by hand with a polisher or with your polish ball & drill.

OER® "Secret Formula" Wheel & Tire Care

OER® Secret Formula Wheel & Tire Care

Over the years, OER® has become the name that you have come to trust for quality restoration products. We are dedicated to bringing our valued customers the absolute best products our industry has to offer. When it comes to car care, our "Secret Formula" car care products are no exception! We know you have a lot invested in your classic car, so we have formulated products that not only perform at a level unmatched by any other brand, but a formula that keeps your investment in mind. Our formulas are engineered not only to keep your pride and joy looking good, but also to protect your vehicle's delicate surfaces from the elements without the use of harsh damaging chemicals.

OER® Secret Blue Tire & Wheel Cleaner

Unlike many alternative products, OER® Secret Blue dissolves grime and brake dust without damaging your chrome and alloy wheels. It's a highly effective wheel cleaner that can also double as a high quality degreaser to safely remove brake dust, oxidation, dirt oil and grime. This is a factory approved way to remove brake dust safely and effectively. The product can be diluted 7:1 or used in more concentrated levels for heavier deposits, the choice is yours. Makes painted wheels shine like new. Non-acidic, spray-on wipe-off formula with no scrubbing necessary and no-harsh scent.

K89484 16 oz bottle..... 8.99 ea
K89485 1 gallon..... 19.99 ea

OER® Odor Eliminator & Bacteria Killer

OER® Odor Eliminator is non-toxic and smells like fresh green apples. It's a clean fresh smell, not a chemical smell or a cover-up. One 16 oz. bottle is enough to do 10-15 vehicles, one gallon will do 65-80 vehicles. Odor Eliminator combines a special blend of advanced ingredients that literally eliminate the odor at its source! Works by attacking the chemical structure of the organic material, destroying the cause of the unpleasant smell. Instantly stamps out the world's worst smells, eliminating them for good and leaving behind a pleasant light apple scent. Removes smoke odors and musty odors forever from your interior surfaces and disinfects by killing odor-causing bacteria to eliminate odor quickly and permanently.

K89488 1 gallon..... 39.99 ea

OER® Secret Formula Guardian Wheel Wax

OER® Guardian Wheel Wax is formulated to safely and effortlessly clean, shine, protect and prolong all types of wheels and wheel finishes. Wheel Guard delivers a high gloss durable wet shine finish on all chrome, aluminum, stainless, powder coated and even painted wheels. Clean, polish, shine, protect and prolong in one easy step. Extremely easy to use and apply, utilizing accurate micro-size synthetic beads that gently and effortlessly lift and polish away oxidation and road film from wheels to guarantee a scratch free perfect surface. Guardian not only enhances shine, it protects your investment. Harmful degreasers and acids can damage wheels reducing shine and causing premature oxidation and deterioration of wheel. Guardian is an acrylic sealant that bonds instantly to protect against brake dust, heat, acid rain, water spots, airborne fallout and road contaminants.

K89486 8 oz jar..... 18.99 ea

OER® TNT Extended Life Tire & Trim Dressing

TNT Extended Life gel by OER® quickly penetrates rubber trim and tires to hydrate and provide lasting protection. Simply wipe on using a pad and TNT gel restores the look of faded tires, trim, bumpers, seals and weatherstrips. What's more is that OER® TNT gel lasts for many months not days. Our exclusive no streak, no run and non drip formula works to rehydrate and detergents and helps keep tire walls hydrated and supple as well as looking like a brand spanking new. Prepare your trim for a product unlike any other. A true premium trim restorer and protectant, that will not provide, dry out or destroy surfaces. Does not require maintenance, ease of application and a superior "new look" shine that lasts through numerous washes. Non greasy, non tacky and simply amazing.

K89808	17" x 24" 3 pack	25.99 set

Elite Microfiber Towels

These towels are extra plush, absorbent, exceptionally soft, lint-free and 100% scratch-free. Banded with silk to ensure 100% scratch free results. Constructed with a dual pile weave, one-side has long fibers and the other short fibers. The long fiber side works great in quick detail and waterless car wash applications where dirt needs to be carried away from the paint surface. The short fiber side is great for buffing away polish/wax residue and cleaning windows.

K89819	16" x 16" single	3.99 ea

K89823	16" x 24" 3 pack	13.99 set

Extra-Large Miracle Drying Towel

Size does matter! The Miracle Drying towel measures a large 25" x 36" and is 35% thicker than before and now features silk banding. This super absorbent, extra soft dryer towel is a 70/30 blend of the thickest microfibers for the fattest, most beautiful and absorbent drying towel ever. Safer, faster and works better than all other drying towels. This extra plush towel is lint-free and 100% scratch-free and will not harm your vehicle's finish.

K89824	Microfiber Dryer	12.99 ea
--------	------------------	----------

Waffle Weave Towel

This super absorbent drying towel is an ultra premium, plush, waffle weave towel. The edging is bound in Microfiber silk to further prevent scratching and swirl marks. Its unique magnetic charge attracts lint and dirt, trapping it in the weave so it will not scratch the surface.

K89810	26" x 32" each	13.99 ea
K89821	26" x 32" 3 pack	39.99 set

Microfiber Applicator Pads

Professional grade microfiber applicator pads are the ideal choice for applying wax, sealants, glazes, dressing or your favorite conditioners. These premium 100% microfiber applicators are inside stitched two times to ensure that the edges will never touch the surface of your paint, reducing surface scratches and improving application of product. These are gentle, strong, highly absorbent and 100% machine washable. Engineered to deliver just the right amount of pressure to easily mold itself to the surface delivering just the right amount of product without saturating the sponge or retaining product. Sold in pairs.

K89816	applicator pads	4.99 pr
--------	-----------------	---------

Premium White Cotton Towels

These thick, super absorbent, pre-shrunk combed cotton white towels are manufactured from 100% Supima cotton and are super-soft. All cotton towels are not created equal, these premium cotton towels are truly premium because they are extra thick and the more you wash them the better they work. They will last through hundreds of washes.

K89809	25" x 16" dozen	18.99 set
--------	-----------------	-----------

Chenille Microfiber Wash Mitt

This super soft Chenille microfiber wash mitt is gentle on your paint and cleans great. Chenille is a deep-pile, velvety cord made of durable, woolen microfiber. This plush, absorbent, lint-free and 100% scratch-free mitt is the highest quality wash mitt available.

K89811	Chenille wash mitt	9.99 ea
--------	--------------------	---------

Extra Large Chamois

This extra large professional grade chamois is the most popular chamois among car washes and dealerships. It is a whopping 5.5 square feet and is great for detailers or those with large vehicles. It is capable of holding more water than most any other chamois or towel. The unique non-clinging texture won't "grab" the paint surface which greatly reduces chances of swirl marks and wear-down of your polish or wax. This is a synthetic, machine washable and durable chamois that glides over the surface and soaks up water without leaving any water residue.

K89814	chamois	19.99 ea

Protect Your Wheels From Harmful Overspray

The RIM PRO® wheel-protector is foldable and comes with a handy pouch lending itself to easy storage and accessibility in your vehicle or out. The perfect product to help shield your wheels from tire shine over spray, allowing your wheels to stay clean and free of damage from harsh chemicals. Using this device will help you to save time by virtually eliminating the need to wipe the wheels after applying tire shine products to your tires. Not only that, but it will also prevent the buildup of dust and dirt on your wheels created by the overspray from these grime collecting chemicals. Hand washable. Available in 13", 14", 16", 17" & 18" sizes, buy one for each of your vehicles.

MOTHERS® Car Care Products

California Gold Clay Bar Set

The clay bar system has been a closely guarded secret of professional detailers for many years. Until now they have had nearly exclusive access to this technology. Now Mothers® makes it available to you so you can gain the benefits of the system, saving time and money. Everything you need is included in this box: one 80 gram Mothers® California Gold Clay Bar (enough to save at least three average sized cars), one 16 oz. bottle of California Gold® Showtime™ Instant Detailer (clay bar lubricant) and one 4 ounce bottle of California Gold® Original Formula Liquid Carnauba Wax to provide long lasting protection.

M07240 18.99 set

California Gold Original Formula Paste Wax

Genuine Brazilian carnauba wax combined with cleaners is the secret to a superb shine and incredible protection. Original formula is created with carnauba wax, top of the line cleaners, the highest quality polishes and finish restorers. Works great on cars, trucks, motorcycles and airplanes. Is safe for clear coats. Gives the shine you would expect from a paste wax and is easy to use.

M05500 12 fl. oz. 11.99 ea

California Gold Natural Formula Paste Wax

This natural formula wax contains carnauba wax and just enough modern chemistry to let you easily apply it, remove the light haze and enjoy the most spectacular shine you will ever experience. For a truly brilliant shine, accept no substitute.

M05550 12 oz. paste 17.99 ea

Mothers® Mag And Aluminum Polish

Mothers' secret formula is world renowned for providing the easiest, brightest shine for aluminum wheels, manifolds, valve covers, brake trim, all alloy parts and accessories. Tough enough to tackle the most neglected metals, yet gentle enough to use every day.

M05100 5 oz. 5.99 ea
M05101 10 oz. economy size 8.99 ea

California Gold Pre-Wax Cleaner

Cleans like only Mothers® can. See incredible results on clear coat paints, lacquers, enamels, pearls, candies, urethanes and all other paint types. Prepares paint for waxing or glazing by removing oxidation, dirt, stains and old wax. Restore color and luster to your paint with Mothers pre-wax cleaner.

M07100 16 fl. oz. 6.99 ea

California Gold Sealer And Glaze

Enjoy the ultimate brilliance of a show car shine on all paint types and colors including clear coats, blacks, reds and candies. Fills and hides scratches, swirl marks and spider webbing. Formulated to achieve spectacular, professional results by hand or with a buffer. Will not streak, smear or fingerprint and may be used over existing wax.

M08100 16 fl. oz. 7.99 ea

California Gold Natural Formula Liquid Wax

This natural formula wax contains carnauba wax and just enough modern chemistry to let you easily apply it, remove the light haze and enjoy the most spectacular shine you will ever experience. For a truly brilliant shine, accept no substitute.

M05750 16 fl. oz. 12.99 ea

California Gold Car Wash

Cleans and shines like only Mothers® can. This ultra sudsy car wash contains detergent strong enough to wash away dirt, road film, bugs, bird droppings and other contaminants, yet its exclusive PH balanced formula will not remove wax and resists water spotting.

M05600 16 oz. 4.99 ea
M05632 32 oz. economy size 6.99 ea

California Gold Carnauba Cleaner Wax

The alternative to paste wax is this terrific liquid wax with cleaner. It contains Brazilian carnauba for spectacular shine and state-of-the-art chemical film formers to lock in durable protection. Great for use on all paints. Restores color, removes oxidation and is detergent resistant. Safe for clear coats too.

M05701 16 fl. oz. 7.99 ea

Upholstery and Carpet Cleaner

Upholstery and Carpet Cleaner is a must for removing stubborn dirt and stains from velour, vinyl, cloth, carpets and sheepskin covers. Safe and effective on all automotive fabrics, yet works great for home use too. This special formula is designed to get out some of the toughest dirt you'll find. Even works great on grease, gum and stains caused from mud.

M05422 22 oz. 7.99 ea

Preserves Protectant

Provides preservation and protection for 30 days. This unique formula penetrates and bonds to block out the harmful effects of ultraviolet rays, ozone, smog and contaminants to protect, rubber, vinyl, plastic and fiberglass. It beautifies and protects tires, bumpers, vinyl tops, dash boards, window trim, seats, household items, sporting goods and just about everything else.

M05316 16 fl. oz. 7.99 ea

Regular Formula Wheel Mist

Rusty rims? Oxidized bumpers? Don't worry Mothers will clean it up for you. The original, one step wire and mag wheel cleaner, formulated for chrome and tough cast aluminum. No scrubbing or elbow grease needed. Simply spray on and hose off dirt, oxidation, rust and brake dust for the best shine and the ultimate sparkle. Works great on chrome bumpers, side pipes or any hard to clean bright metal surface.

M05824 24 fl. oz. 6.99 ea

Mothers® PowerBall

Mothers PowerBall is the first foam polishing tool designed to revitalize billet, diamond plate, polished aluminum, stainless steel, plastic lenses, convertible top windows and much more. When used with Mothers® PowerMetal polish, the power ball is ideal for use on any uncoated, polishable metal finish. Its unique and durable construction compresses to fit tight spaces, so polishing difficult, intricate metal work to a mirror like finish is fast and easy.

M05140 PowerBall 24.99 ea

Chrome & Glass Cleaner/Protector

Ideal for cleaning and protecting windows, mirrors, bumpers, wheels and chrome trim. Leaves surfaces clean and streak free. Unique protecting agents resist smears and fingerprints.

M05208 8 fl. oz. 4.99 ea

Mothers® Back To Black

Restores and protects all exterior trim. Perfect for use on all vinyl, rubber, plastic, flat finishes, yet surfaces need not be black to achieve superior results. Works incredibly well on both smooth and textured surfaces, bumpers, protective and decorative moldings, louvers, air vents, window trim and wiper arms. After applying, surfaces look new again and will be protected against further oxidation or deterioration caused by harsh elements. To get back to beauty, get Back to Black.

M06108 8 fl. oz. 5.99 ea

Mothers® PowerMetal

Drawing upon their legendary metal polish formulas, Mothers® created an extraordinary liquid metal polish for use by hand or with our Mothers PowerBall polishing tool. Mothers PowerMetal is great for all polishable metals, including aluminum, brass, stainless steel, gold, silver and more.

M05148 PowerMetal 8.99 ea

Mothers® PowerPolish

Get the perfect mirror like depth, clarity and finish. Designed for use with a random orbital or high speed buffer, its carefully blended ingredients refine themselves during use to provide a uniform finishing process. Mothers PowerPolish is versatile and may be used with pads and bonnets of varying aggressiveness.

M08616 PowerPolish 12.99 ea

Mothers® PowerWax

Designed specifically for use with a random orbital or high speed buffer, Mothers PowerWax is a sophisticated formula designed to achieve a deep, wet, glowing shine. Activated by the mechanical action of a buffer, the PowerWax provides a deep, long lasting shine. It's the perfect follow up to PowerPolish.

M08716 PowerWax 12.99 ea

Royal Purple® Products

Royal Purple® Synthetic Oil

Royal Purple Motor Oil delivers superior protection and improves performance in four-cycle gasoline and diesel engines. It increases horsepower and torque, saves fuels and reduces heat, wear and emissions. It has unsurpassed oxidation stability that allows for extended oil drains and fewer oil changes, which saves you time and money and reduces the impact on the environment. Royal Purple's motor oils for passenger cars and trucks are API licensed. Royal Purple's performance advantages come from a blend of synthetic oils plus Royal Purple's proprietary Synerlec technology. Royal Purple Motor Oil is compatible with other mineral and synthetic motor oils.

Royal Purple® Max Tuff Assembly Lube

Max-Tuff is an ultra-tough, synthetic lubricant designed for use in reassembling repaired equipment. Max-Tuff utilizes durable synthetic molecules that adhere to metal surfaces and create an extremely strong barrier between surfaces. This minimizes the possibility of metal-to-metal contact while providing excellent protection against rust and corrosion to both ferrous and nonferrous metals. Max-Tuff is formulated with Royal Purple's proprietary Synerlec additive technology.

RP01335	8 oz. bottle.....	16.99 ea

Royal Purple® Max Gear Oil

Max-Gear is an ultra-tough automotive gear oil. It's designed to maximize power and provide unsurpassed protection to heavily loaded gears. It makes gears run smoother, quieter, cooler and longer without overhauls. Max-Gear outperforms other gear oils because it combines the highest quality synthetic oils with Royal Purple's proprietary Synerlec additive technology. Max-Gear is recommended for use in truck, motor home / RV and automotive front or rear differentials, manual transmissions and lower gear units of marine engines that specify use of an API GL-5 or GL-4 fluid. All viscosities of Max-Gear are formulated with hypoid friction modifiers necessary for use in clutch or cone type differentials. No additional additives are necessary.

Royal Purple® Max ATF

Max ATF is a synthetic, high-performance, automatic transmission fluid. Its low coefficient of friction and high film strength help to dramatically reduce heat and wear. Additionally, Max ATF is more oxidation stable than other transmission fluids for longer fluid life. Max ATF is recommended for a wide variety of transmissions. Max ATF significantly reduces heat to extend the life of your transmission. Automatic transmissions generate a great deal of heat and depend upon the transmission fluid for cooling and protection. Max ATF is fully compatible and can be mixed with other automatic transmission fluids; however, for the best results drain or flush the current oil and then fill with Max ATF.

RP01320	quart.....	11.99 ea
RP12320	case of 12 quarts.....	139.99 cs

Royal Purple® Synchronmax

This manual transmission fluid increases performance and the life of your equipment. It improves shifting, reduces gear noise and increases power transfer to the wheels. It also lowers operating temperatures and provides outstanding wear protection for longer transmission life. Synchronmax is specified for manual transmissions that specify an automatic transmission fluid. It's also ideal for 4x4 transaxle cases and motorcycle gear boxes. Synchronmax is fully compatible with all types of friction materials. It provides excellent corrosion and oxidation protection without affecting the soft metal commonly found in manual transmission synchronizers. Synchronmax is formulated with Royal Purple's proprietary Synerlec technology for unsurpassed performance and protection.

RP01512	quart.....	14.99 ea
RP12512	case of 12 quarts.....	178.99 cs

Royal Purple® Max EZ Power Steering Fluid

Max EZ is an advanced power steering fluid designed to maximize the life and performance of all power steering units. Max EZ is formulated with a blend of select synthetic base oils plus Royal Purple's proprietary Synerlec additive technology, which is proven to make equipment run cooler, smoother, longer, quieter and more efficiently. Max EZ is compatible and can be mixed with conventional power steering fluids and has excellent seal compatibility.

Purple Ice Super Coolant

Purple Ice is a high performance, synthetic, radiator coolant additive. It reduces engine heat by reducing the surface tension of the radiator fluids for improved heat transfer. Purple Ice fosters optimum coolant flow by helping to prevent formation of scale deposits in the radiator. It also lubricates the water pump seals. Purple Ice should always be used in conjunction with antifreeze in regions where freezing temperatures occur. Purple Ice is recommended for any water/glycol pressurized cooling system, including those using the traditional green silicate based glycols or the newer OAT or HOAT based glycols.

RP01600	16 oz. bottle.....	13.99 ea
RP12600	case of 12 - 16 oz. bottles.....	166.99 cs

Royal Purple® Engine Break In Oil

Engine builders have grown increasingly concerned that many modern motor oils do not provide adequate wear protection for new engines, particularly those using flat-tappet cams. Royal Purple has addressed this issue by developing a new engine break-in oil. Royal Purple Break-In Oil is formulated to allow optimal ring seal and contact rotating assembly components such as the camshaft and valve train from initial start up wear. Royal Purple combines highly refined mineral oil, preferred for engine break-in, with advanced additives containing high levels of zinc and phosphorus to optimize protection in flat-tappet and roller engines. Royal Purple Break-In Oil is fully formulated and does not require the use of any other chemical additives. Royal Purple recommends using their high performance motor oils after the engine is broken in for maximum engine performance.

Garage Products

So Powerful It Lifts a 16 lb. Bowling Ball!

A super-suction, Indoor/Outdoor 200 MPH Vacuum/Power Blower. The Vac 'N' Blo™ is an industrial-type Vacuum Cleaner/Blower combination together in one portable lightweight unit. As a vacuum cleaner it is not only perfect for detailing cars, but also ideal for cleaning up around the garage or workshop. As a blower, it provides enough power to blow away dust or leaves as well as acting as an air-pump to blow up inflatables such as rafts, air-mattresses, etc. in seconds. Featuring a powerful 4.0 peak horsepower motor, this handy vacuum comes complete with 6 ft. flexible hose, two 20" extension wands, Pick-All nozzle, Magic Air™ inflator adapter, dust brush, Powerizer™ Air Maximizer and crevice tool. Rugged steel construction, 12 ft. grounded power supply cord, baked enamel finish, permanent cloth bag & shoulder strap make the Vac 'N' Blo one of a kind unit. 2 year manufacturer's limited motor warranty. Measures 17" long x 7" diameter.

MV101 Vac 'N' Blo vacuum/power blower 189.99 ea

A Miniature Vacuum With Maximum Power!

Weighing in at just 3 lbs., this lightweight will surprise you with its amazing strength and power. Unlike other portable vacs that are light on power, it takes just one pass with the Vac 'N' Blo Jr. to pick up the dirt on your vehicle's carpet & upholstery. And, it's not just a vac, it's a high-volume blower, too. Place the tapered inflator/deflator nozzle on the intake or exhaust side of the unit to blow up or deflate inflatables quickly. Use it on air mattresses, swimming pools, boats, etc. Heavy-duty, yet lightweight all-steel construction, 1/2 HP motor, baked enamel finish. Includes power unit, flexible hose, 20" extension wand, Pick-all nozzle, Magic Air™ inflator adapter, crevice tool, dusting brush, shoulder strap and five extra reusable/disposable paper bags. Choose from our 110-volt (household current) or 12-volt (cigarette lighter) models.

2-in-1 Creeper/Seat

When it comes to creepers, this 2-in-1 creeper is the way to go. The unique multiple-piece makes it a pleasure to have when working on your vehicle. Made from a hollow alloy tubing to give you a strong, sturdy base without adding weight. Features a 6 wheel design to make it easier and more mobile when working on your vehicle. This wheel design eliminates the hazard of flipping over when leaning to one side.

900102 2-in-1 creeper/seat 44.99 ea

Adjustable seat provides the support, leaving your feet free to control your movement

Speed And Comfort For A Demanding Job!

This seat provides support while taking pressure off knees, ankles and toes. The caster wheels allow you to roll when you need to move instead of crawling, crouching and bouncing on your knees. The attached floating kneepads allow your knees to rest, eliminating the direct pressure that causes pain and discomfort. Attached to the tool is a 7" x 15" removable tray which is great for holding tools, fasteners, small parts, etc. Weighing only 8 lbs., the tool is manufactured from 18" thick industrial strength aluminum. The comfortable webbing seat is covered with a soft leather-like cover and adjusts vertically 11.5" to 15.5" in height. It also adjusts 3" horizontally and tilts for your utmost comfort. Thick foam kneepads provide comfort and protection while working. Backed by a 1 year manufacturer's limited warranty.

Park Perfectly Every Time

The Park Smart Mat helps guide you into your garage space letting you know exactly when to stop. Perfect for getting your classic or collectible car into the correct position in a crowded garage. As you feel yourself driving over the first bump, the second bump tells you that you have driven far enough forward. Measures 27-1/2" x 12" x 1-1/2". Comes with a manufacturer's limited lifetime warranty. Buy one for each of your cars. ACP101 Park Smart Mat

Protect Your Car From Moisture

Most common forms of mildew grow between 59° & 95° Fahrenheit - temperatures common inside of stored vehicles and other enclosed areas of storage. Sta-Dri pouches significantly reduce humidity and moisture inside of your vehicle safely & conveniently. Pouches can be regenerated up to 5 times. When the pouches have taken on 35% of their original weight, just heat in a conventional oven at 200°-250° Fahrenheit for 8 to 12 hours or until original weight is achieved. Use 1-2 pouches per vehicle. Depending on humidity level, one pouch can last up to a year of continuous storage, though it is recommended that you check every month & regenerate as necessary. Non-toxic & non-corrosive, remains dry to the touch even when fully saturated.

Wall Guard

Hanging Door Guard

Two Ways To Prevent Costly Paint Chips

Nothing is more heart wrenching than opening the door of your vehicle and hearing that familiar thud. You know the one that I'm talking about. As soon as you hear it, you know that most likely you have just chipped the paint, or worse yet, dented the door of your prized vehicle. We've come up with two products to keep this from happening to you.

The Wall Guard attaches to your garage wall providing cushioned protection for both your car door and your wall. Comes complete with hardware needed to attach to drywall, studs, brick or concrete. Prefilled holes are 16 and 24" apart for fastening to stud wall. Measures 25" x 6-1/2".

ACP102	9.99 ea
--------	-------	---------

Our Hanging Door Guard is ideal for two car households. This rubber-like pad hangs from the rafters or drywall ceiling of your garage providing a protective barrier between both vehicles. You in effect protect two vehicles with one product. Hardware for hanging the device is included. Measures 25" x 6-1/2".

RACE RAMPS™

Race Ramps

Race Ramps are ideal for low ground clearance vehicles with tires up to 10" wide. With an incline of only 10.75 degrees, they lift your car up 8" or 10" and hold up to 3,000 pounds per set while weighing only 10 pounds per ramp. They are available in a solid one piece or two piece design. Like all Race Ramps products, they will not slide across a garage floor, dig into an asphalt driveway or scratch or otherwise damage a cement or painted floor. They can be used on grass, dirt or almost any other flat surface and they will never rust. Race Ramps come complete with straps for easy carrying and storage.

Note: For increased safety, use Wheel Chocks with all Race Ramp products. Shipped oversize.

Trailer Ramps

Is your trailer door too steep to get your car to the race track or autocross? Are you tired of busting up your nose? Race Ramps has just the solution for you: simply place the trailer door on the notch of these specially designed Trailer and decrease your angle of approach to as little as 4". These hassle-free, lightweight ramps work for cars weighing up to 6,000 pounds. Trailer Ramps are ideal for low ground clearance cars with extra wide tires.

Note: For increased safety, use Wheel Chocks with all Race Ramp products.

RR104 5".....	289.99 pr
RR105 8".....	289.99 pr

Wheel Chocks

Wheel Chocks are ideal for use with all Race Ramp products, providing additional safety in the working environment. Made from solid rubber composite with an extra-grip bottom, they each weigh 3 pounds. Sold in a set of 4.

Note: For increased safety, use Wheel Chocks with all Race Ramp products.

RR109 6" L x 4" H x 5" W.....	39.99 set
-------------------------------	-----------

Roll-Ups

Roll-Ups are designed to be used in conjunction with 56" or 67" Race Ramps. They raise the opposite end of the vehicle up 4", enabling you to complete more difficult tasks such as changing the exhaust. Roll-Ups can also raise the front or rear of the car to allow the use of a standard floor jack. And at 14" wide, they can be used with tires up to 12" wide. They weigh only 5 pounds each and are small enough to fit in the trunk.

Note: For increased safety, use Wheel Chocks with all Race Ramp products.

RR106 32.75" L x 4" H x 14" W w/10.79° incline.....	159.99 pr
---	-----------

FlatStoppers

This product helps to keep your tires from flat spotting during long periods of storage. Once the tires are set in the FlatStoppers (on a level surface), they will settle into the pad's concave depression. More of the bottom portion of the tire will be fully supported, thus dispersing the weight of the car more evenly onto the tire and helping to prevent any flattening. FlatStoppers will not conduct heat or cold to your tires despite changing floor temperatures, will not damage your floor in any way and will not slide. Sold in a set of 4.

RR107 set of 4.....	259.99 set
---------------------	------------

Wheel Cribs

Wheel Cribs are a safe, lightweight alternative to jack stands. They cradle the tire 10" off the ground, providing unobstructed access underneath the car. Each crib supports 1,500 pounds (3,000 pounds per set) and weighs only 5 pounds. Using 10" Wheel Cribs in conjunction with 56" or 67" Race Ramps allows your car to be level while raised—useful for changing your oil, for example. Wheel Cribs also can be used for car display.

Note: For increased safety, use Wheel Chocks with all Race Ramp products.

RR108 15" L x 10" H x 12" W.....	99.99 pr
----------------------------------	----------

General Information

Sales Tax Information

Orders shipped outside of California may be exempt from sales tax. California residents are required to add the appropriate current sales tax. Due to regular variations in California sales tax, rates are subject to change without notice. California orders are subject to tax on handling fees, COD fees and rush fees. This additional tax will be applied to the invoice. As of the printing date of this catalog, the current rate is 8 1/4%.

Accuracy Of Descriptions

Classic Industries® makes every effort to verify the accuracy of all information published in this catalog. Each item is represented with information that is accurate to the best of our knowledge at the time the catalog is printed. Classic Industries® is not responsible or liable for mistakes, print errors or inaccurate information that may lead to, or result in labor costs or damages to any vehicle under any circumstances.

Kit Products

All Classic Industries® Parts and Accessories catalogs include kits which contain a variety of products. On occasion we may run out of an item supplied with a kit. If this happens we will generally ship what is in stock and back order the item(s) which are not in stock. You may contact our sales department by phone to verify which items are not in stock at the time the order is placed. The customer may decide whether to accept the partial kit or have the entire kit back ordered until the kit is completed and all the items can be shipped at the same time. If the customer decides to accept partial delivery of the kit, then the full price of the kit will be charged to the customer and the back ordered items will be shipped no charge when they arrive at our warehouse. Customers will be charged the appropriate freight fees when applicable. Cancellation of products from a kit will be accepted at 25% below the actual current retail price of the item. On COD orders the price of the kit is charged in full and the back ordered items are shipped on a COD freight only basis.

Rights and Lefts

Some items in this catalog are presented as right or left hand products. (right side-passenger)/(left-side-drivers). Right hand or left hand sides are determined by sitting in the vehicle, not standing in front of the vehicle.

Color Matches

Due to multiple manufacturers of products Classic Industries® provides, color variations may occur. Slight color variations are common especially among interior products and does not constitute a defect. These products are not eligible for return for this reason.

Pricing

Prices in this catalog were in effect at the time of printing and supersede all prices in any previous publication. Classic Industries® makes every effort to honor the prices contained herein. However, due to increased costs of manufacturing, materials, etc., prices can change. We reserve the right to change prices without notice. For current pricing please contact a Classic Industries® sales representative during normal business hours. Eligibility of products for discounts are subject to change without notice.

Trademark and Copyright

Classic Industries® Parts and Accessories catalog is copyrighted. No part of this publication including text, photos, or illustrations may be reproduced without the prior written permission of Classic Industries®. The following symbols: GM, Pontiac, Pontiac Arrowhead, Bird, Firebird, Trans Am, Macho TA, TA, Exprit, Formula, Sprint, Chevrolet, GMC, Chevy Truck, Silverado, Jimmy, Blazer, Apache, Cheyenne, Scottsdale, Longhorn, Sierra Grande and the Chevrolet Bow Tie emblem, the GM Restoration Parts emblem and associated trademarks and emblems are registered trademarks of General Motors Corporation and used under license to Classic Industries®.

Product Availability

Availability of all items in this catalog are subject to change without notice. We reserve the right to discontinue products, services or accessories without notice.

Shortages

Always check the contents of your delivery to assure all the parts ordered were received. If you are missing any item(s) be sure to check for back orders noted on your invoice before calling our customer service department (see back orders). If a shortage has occurred, contact our customer service department within 2 working days of delivery to assure a prompt replacement. Classic Industries® assumes no liability after this period.

Back Orders

The invoice located in the packing slip of your order will notate any items that were out of stock at the time of shipping. The unavailable items will be back ordered unless otherwise specified on your order form or verbally to a sales representative when placing your order by phone. Back orders are usually shipped when the products arrive at our warehouse without prior notification. Classic Industries® will make an effort to contact the customer if the backorder is more than 90 days old. If you wish to cancel a back order, please notify our customer service department immediately. The customer will be responsible for a 25% restocking fee and freight charges if the back order is cancelled or returned after the items are shipped.

Damage Claims

Always check the contents of your shipment in the presence of the person delivering the merchandise. Should any damage occur, immediately notify Classic Industries® customer service dept, so that all steps necessary will be taken to ensure a prompt replacement of any damaged goods. Accurate instructions will be given on damaged goods replacement. Classic Industries® is not responsible if no notification is given within 2 working days of receipt of goods (excluding Sundays and Holidays). Classic Industries® will file a claim with the carrier in most cases. If the customer files a claim with the carrier, Classic Industries® will not be responsible for replacing damaged products and the customer will be responsible to pay for any replacements until the carrier pays the claim. Any replacement parts due to sales errors or customer errors in ordering will be sent using the same shipping method as the original order when possible. Please follow these instructions to avoid any problems or misunderstandings associated with damaged products and freight claims.

Refusals

All refused COD orders will be subject to a 25% restocking fee. Classic Industries® will consider the entire order cancelled and void with no notification to the customer. The customer will be billed 25% plus all freight charges to and from the destination. Contact our customer service department for more information.

Policies

All policies in Classic Industries® current catalog supersede any and all policies in any previous catalog or publication.

Sales Errors/Ordering Errors

Classic Industries® is not responsible for customer errors or employee sales errors. Every effort is made to ensure that the products you are ordering are accurate. Should an error occur, we will make every effort to resolve the issue. Replacement products will be shipped the same method as the original order whenever possible. Classic Industries® assumes no responsibility or liability for damages, fees, storage charges, or any other inconvenience that may be associated with sales errors or customer ordering errors.

Returns

Products may be returned for a full refund, credit or exchange within 30 days of receipt. All returns are subject to a 25% restocking fee after 30 days. Should you need to return a part for refund, exchange or credit, please contact our customer service department for a return authorization number and instructions. Classic Industries® will not accept returned goods without prior authorization. Customer will pay freight on all return orders. Allow up to 3 weeks to process refund or credit. *Important: Gift certificates have no cash value and must be redeemed for merchandise only. Literature, CDs, videos, printed materials, stencil kits, stripes, electrical parts, gauges, wiring harnesses, switches, etc. are non-returnable. All special order products must be pre-paid in full and are non-returnable. No returns on partial kits or sets. There is no guarantee on moving parts such as engines, transmissions, rear ends, steering gears, water pumps, distributors, wiper motors, etc. If any product is modified, altered, painted, installed or disassembled in any way without Classic Industries® expressed written permission, the item is non-returnable. Classic Industries® always recommends professional installation on all products. Any item which has been altered, painted, installed or deemed non-releasable by Classic Industries® will be returned to the customer at the customers expense. Classic Industries® is not responsible or liable for labor fees associated with the installation, removal, modification, painting or repair of any product purchased regardless of the circumstances. Classic Industries® is not responsible for any damage or discoloration incurred in relation to chemical products being used including cleaners, waxes, polishes, paints, etc.*

Form of Payment How To Order

CREDIT CARDS

Classic Industries® accepts *Visa, Mastercard, American Express, Optima and Discover* for your convenience. When placing your order, be sure to include the card holder's name, address, home phone, business phone, credit card number and expiration date and billing address (if different from person placing order). A security code is required for credit card purchases. Please have your credit card ready available when placing your order. Minimum order is \$20.00. New or 1st time customers who are paying by credit card must have the order shipped to the cardholders billing address for the first order. Invalid or non-matching billing addresses could delay your shipment.

CERTIFIED CHECKS

Classic Industries® will accept certified checks for your mail order. Be sure to include customer number and/or reference invoice number. Contact your bank to issue a certified check in the amount due for your order. All orders paid by certified check are held up to 15 days pending clearance.

PERSONAL CHECKS

To use personal checks or business checks on pre-paid orders, the name, address and check number must be pre-printed on the check. Be sure to include customer number and/or reference invoice number. Only first party checks will be accepted. All orders paid by personal check are held up to 15 days pending clearance.

MONEY ORDERS/CASHIERS CHECKS

To use money orders or cashiers checks on pre-paid orders be sure to include customer number and/or reference invoice number. All orders paid by money order are held up to 15 days pending clearance. Usually the order will leave within 24 hours of clearance.

Make Personal Checks or Money Orders payable to:

Classic Industries®

MAIL ORDERS

Fill out the order form located in the back section of this catalog. For quick service use your credit card, money order or cashiers check. Personal checks are held for 15 days from date of receipt pending clearance. All mail orders must be pre-paid including freight (when applicable). COD orders through the mail will not be accepted. If you have any questions regarding product information or availability, contact our sales representatives during regular business hours at 800.854.1280.

ORDER BY PHONE TOLL FREE 800-854-1280

ON-LINE ORDERING WWW.CLASSICINDUSTRIES.COM

Classic Industries® offers on-line ordering through our website. Log on to classicindustries.com and order on-line. On-line ordering is available 24 hours a day 7 days a week for your convenience.

FOREIGN ORDERS

All foreign orders must be pre-paid before shipment can be sent. Due to various rate differences and depending on what items are being ordered, your freight fees will vary. It is important that you contact Classic Industries' sales department for instructions regarding all foreign orders. Please list the items you intend to order so we may calculate the best, most efficient and inexpensive way to ship your order. A \$12.00 foreign processing fee will be added to all foreign orders. Customs duties and import fees to your country will vary and are the sole responsibility of the customer. Check with your local customs office for more information.

Shipping Information

EXPRESS SHIPPING

Classic Industries® offers *Overnight and 2 Day* air delivery service in the Continental US, Alaska, Hawaii, Guam and Puerto Rico. Pre-payment with a credit card is required before shipments can be sent. Simply call in your order before 2:00 p.m. Pacific Time, Monday-Friday during regular business hours and your *Overnight* order will arrive the following business day (pending availability). Saturday delivery is available only on *Overnight* service. A \$14.00 fee will be added to *Overnight* fees for Saturday delivery. *2 Day* orders will arrive within 2 business days (pending availability). *3 Day* service is available within the contiguous 48 states. Your order will usually leave within 24 hours and will arrive within 3 business days of ship date (pending availability). A \$9.95 service fee for any of these options will be added in addition to shipping fees. Contact our sales department for rates regarding air service delivery. Rates depend on the items being shipped. Some products are charged at dimensional weight as opposed to actual weight.

Important: Air service does not guarantee your order will arrive on the expected date of delivery. Under normal circumstances, air service is guaranteed. However, due to adverse weather conditions, natural disasters or unforeseen circumstances, there may be delays. Classic Industries® is not responsible for deliveries that are delayed. Air services are excluded from promotional shipping offers.

TRUCK FREIGHT

Products in this catalog that require truck freight are usually indicated below the product's "Shipped truck freight". This indicates that the product is too large for ground delivery and must be shipped by motor freight. There may be items listed herein that are not indicated as truck freight. These items must be pre-paid, including freight charges, before the shipment can be sent. Classic Industries® requires a minimum \$25.00 fee for all California orders and minimum \$175.00 fee for all out of state truck shipments. Truck freight rates could be higher depending on products being ordered and the destination. Residential deliveries require an additional \$40.00 fee. Should the customer's delivery require special handling (lift gate service, re-outing, additional freight charges, etc.), any and all additional fees will be billed to the customer's credit card. Acceptance of truck freight shipment is acknowledgment that additional charges will be incurred. Please include a commercial business address whenever possible. For additional information contact our customer service department during regular business hours. *Truck freight items are excluded from promotional shipping offers.*

OVERSIZE-OVERWEIGHT

These are the designations for Ground or Standard packages that meet one of the following specifications for billing purposes: Oversize 1 (OS1) designates a combined length and girth exceeding 84", but less than 108". Actual weight is less than 30 lbs and is billed at 30 lbs. Oversize 2 (OS2) designates a combined length and girth exceeding 108", but less than 130". Actual weight is less than 70 lbs and is billed at 70 lbs. Oversize 3 (OS3) designates a combined length and girth exceeding 130" but less than 165". A \$40.00 handling fee will be added to all (OS3) orders. Actual weight is less than 90 lbs and is billed at 90 lbs. We reserve the right to charge Oversize fees on any order containing oversize products, even if it is not indicated in the catalog.

Important: Oversize, overweight and dimensional weight items are excluded from promotional shipping offers.

ALASKA, HAWAII, GUAM & PUERTO RICO

Orders being shipped to Alaska, Hawaii, Guam or Puerto Rico, are shipped via Ground, Overnight or 2 Day delivery whenever possible. All orders must be pre-paid with credit card, money order or check. No COD orders are accepted. Rates depend on the items being shipped. Contact our sales department for exact rates. **Important:** Promotional shipping offers do not apply to Alaska, Hawaii, Guam, Puerto Rico, Canada or any foreign destination.

APO/FPO

Parcel post is the only means of shipping to an APO or FPO address. Due to size restrictions you may not be shipping boxes that are no larger than 72" width and girth combined. All military personnel must write a call to determine what APO box will be used for the shipment. Once this is determined, Classic Industries® will call or write to let you know if the order can be shipped by Parcel Post and the correct amount required. All orders that exceed these limitations will be shipped in accordance with customer approval.

INSURANCE

Each order is charged an insurance fee of \$2.50. This fee will insure the entire order and protect you completely from damages or loss. The order forms located in the rear of this catalog include this fee in the indicated column when your order is being totaled.

COD ORDERS

COD orders are gladly accepted on all normal ground shipments, excluding truck freight orders. COD orders will require a Money Order or Cashiers Check upon delivery of your order. Personal checks, cash and business checks are not accepted. COD orders are not accepted through the mail. COD orders must be placed by phone during regular business hours. The appropriate shipping fees will be added. COD orders are exempt from discounts and free shipping policy. The customer will pay all appropriate fees in accordance with current policies and freight rates. A fee of \$10.00 per box will be added to all COD orders. Oversize and/or overweight boxes will be charged in accordance with the rate chart located on the order blank. Classic Industries® reserves the right to change shipping rates in accordance with rate increases by freight companies. COD orders are limited to \$999.00. If the COD order should be returned to Classic Industries® for non acceptance or no payment, the customer will be responsible to reimburse Classic Industries® for any and all freight charges related to the order. In addition, a 25% restocking fee will be applied to the returned products. All outstanding charges must be paid before any additional orders will be accepted.

SPECIAL SHIPPING FEES/DROP SHIP FEES

Some items we offer may require a shipping or drop ship fee. This special shipping rate may also apply to products sold over the counter at Classic Industries® Showroom location. Contact our sales department for actual additional shipping fees.

Important: Products with special shipping fees or drop ship fees are excluded from promotional shipping offers.

Filling Out The Order Form

ENJOY THE BENEFITS

We understand the complications and problems that can occur when ordering parts for your project car. If you're like most people, you want perfection in your project. We offer the quality parts you want without all the guesswork. We carry one of the largest inventories of performance products and accessories the market has to offer. What's more, you can rely on our nearly 30 years of experience to help you through the rough spots when you need it. Our tech advisors are always ready and willing to discuss any problem you may have concerning the parts for your vehicle. We give you knowledgeable sales representatives, one of the largest inventories in the business, quick and efficient delivery, Toll Free ordering and the experience to back it up. If you're not absolutely 100% satisfied with the products you receive, we'll refund 100% of your money! *Classic Industries*[®] - your partner in Automotive Restyling and High Performance parts!

Money Back Guarantee

At Classic Industries[®], we have continually offered the best quality automotive products for the lowest prices. We take pride in the quality of the products we offer and back it up with a 100% Money Back Guarantee. If for any reason you are not satisfied with a product or purchase, you can return the product within 30 days of receipt for a full refund*, credit or exchange.

**Note: Excludes non-returnable special order and clearance items.*

- Lowest Prices Guaranteed!
- Discounts on Volume Purchases!
- 100% Satisfaction or Your Money Back!

Price Match Guarantee

If you find the same product for less we'll match the price!

Classic Industries[®] will match any competitor's current advertised retail price for an identical product. Simply send us a copy of the competitor's current advertised price from a catalog, advertisement or website (with URL) and we'll match the price. The price match guarantee is available at the time the order is placed and available for in-stock merchandise only. Price matching will be determined by a competitor's most current retail-published price.

Save items, kits, discount exempt products, special orders, promotional items, engines, tires and all performance parts are exempt from the Price Matching policy. Classic Industries reserves the right to decline price matching if the competitor's pricing is deemed to be a special offer, a sale, closeout price, promotional offer or an out-of-date price. Classic Industries will contact competitors to confirm that the published price is current due to market changes, demand or availability.

Price matching supersedes all other promotional offers and on sale pricing. If Classic Industries[®] matches a price from a competitor, additional discounts on that product or products may not apply. If the standard retail price of a product is higher than the competitor's price and an applied discount reduces the price below the competitor's pricing, the now discounted or sale pricing will prevail. We reserve the right to modify or revoke this offer at any time without notice. Classic Industries reserves the right to decline price matching. This offer supersedes any and all other Classic Industries promotions and cannot be combined or used in conjunction with any other offer. The guarantee is subject to the terms and conditions of Classic Industries current policies.

Volume Discounts on Pre-Paid Orders *Save*

5% Receive a **5% discount** on orders over \$500.00

10% Receive a **10% discount** on orders over \$1000.00

** Note: Free ground shipping on pre-paid orders over 1000.00. Some restrictions apply.*

Take advantage of the volume discount offer and save dollars! To qualify, simply order all your parts at one time on one order. Volume discounts are applied when the order is prepaid by credit card, money order, cashiers check, certified check or personal check. You can order by mail, fax, website or phone. See the index for the ordering policy.

IMPORTANT: * 5% and 10% discounts do not apply to discount exempt products, special orders, or kits. We recommend checking with a sales representative when placing your order for verification. * Free shipping is limited to products that are not oversize, overweight, special orders, truck freight items or products that are shipped based on dimensional weight. Free shipping offer applies to orders within the 48 contiguous states only. Not available for Hawaii, Alaska, or foreign destinations.

A - Camaro: A Legend Reborn
This book takes you deep into the beating heart of General Motors with unfettered access to the people and events that shaped the new Camaro. This book offers a clear portrait of not only the car from its infancy but also of those responsible for nurturing its development. Hardbound, 144 pages, 9" x 12", L1026 29.99 ea

B - How To Rebuild LS Engines
This book details and highlights special components, tools, and other accessories needed to get the job done right. Appendices are packed full of valuable reference information, and the book includes a Work-Along Sheet to help you record vital statistics and measurements along the way. 8-1/2" x 11", 152 pages, 604 color photos, Softbound 24.99 ea

C - Dyno-Proven LS1 Thru LS7
Outlining how to add power to any LS-series V8, this book offers you a list of upgrades and their effects from ported heads to camshafts, LS6 or aftermarket intake manifolds to headers to cold air intakes. Filled with Dyno-Proven results for GM LS1 through LS7 performance parts, this book offers results from over 135 dyno tests and over 350 photos to help you separate power-building parts from hype. 160 pages, 8-1/2" x 11", 350 Color Photos L434 24.99 ea

D - Guide to Custom Painting

2010 Camaro Foiler

CPX Foilers are uniquely-styled aerodynamic accessories that enhance the look of your 2010 Camaro, evoking the 2nd generation Z28, while also improving aerodynamics by lowering your Camaro's drag coefficient. Designed and manufactured in the U.S.A., CPX Foilers are produced using only the highest quality impact resistant polyurethane. Installation is simple using the included 3M Automotive Adhesive Tape System (which includes adhesion promoter pad, complete instructions, template and optional mechanical fasteners). Available unpainted, in factory colors, matte black or in carbon fiber look.

Notes: Please specify color.
